Magical Mirror

Invitation Insert

Mylar Template

Your presence
is requested at
Princess _____
birthday party.

When _____

Where _____

RSVP _____

Supplies: Popsicle sticks, a roll of reflective silver Mylar

1. Print out the pages of the Mirror Invitation. Cut out the golden Magical Mirror, the Mylar Template and the Invitation Insert. When cutting out the golden Magical Mirror, make sure you keep it connected at the center. Fold the Mirror in half (away from you) at the indicated fold.
2. Using a craft knife, cut out the white area of the Magical Mirror. Use the dotted lines as your guide. Next, using the Mylar Template as a guide, cut out a piece of silver Mylar in the shape of the template. Place the golden Magical Mirror piece so that the illustration is facing down on a table. Now, add glue to the border (blank side) of the magical mirror. Take the oval piece of Mylar that you cut out and place it on top of the glue. Press firmly and then let it dry.
3. Next, fill in the details of the party on the Invitation Insert. Using the diagram below as a guide, take a popsicle stick and glue it to the back of this piece, at the bottom of the Insert. This stick will serve as a handle so make sure most of the stick is available to grasp below the invite. Now, put glue on the back side of the Invitation Insert and attach it to the blank side of the back of the Magical Mirror. Your Magical Mirror Invite is now complete. When the invite is closed, kids will see the Magical Mirror. When it is opened, it will reveal details for a Princess birthday bash!
