

PAINTED PAPER ROSES

inspired by

Disney
**ALICE
THROUGH THE
LOOKING
GLASS**

MATERIALS:

green and white crepe paper
teardrop, heart-shaped, leaf and
calyx printouts
green floral tape
5 strands of 18 gauge floral wire
red watercolor paint

scissors
glue
paintbrush

1
Glue two leaf cutouts to either side of a floral stem and wrap the bottom of the leaf to the floral stem with the tape.

2
Make a stem by taping 3 floral wires together and attach the teardrop petals to the stem.

3
Continue to attach the heart-shaped petals to the wire stem in an alternating circular pattern.

4
Finish your flower by attaching the leaves and the calyx with floral tape and then wrap wire stem completely.

5
Using your fingers, help the rose bloom by gently pulling the crepe paper open at the tip of each petal.

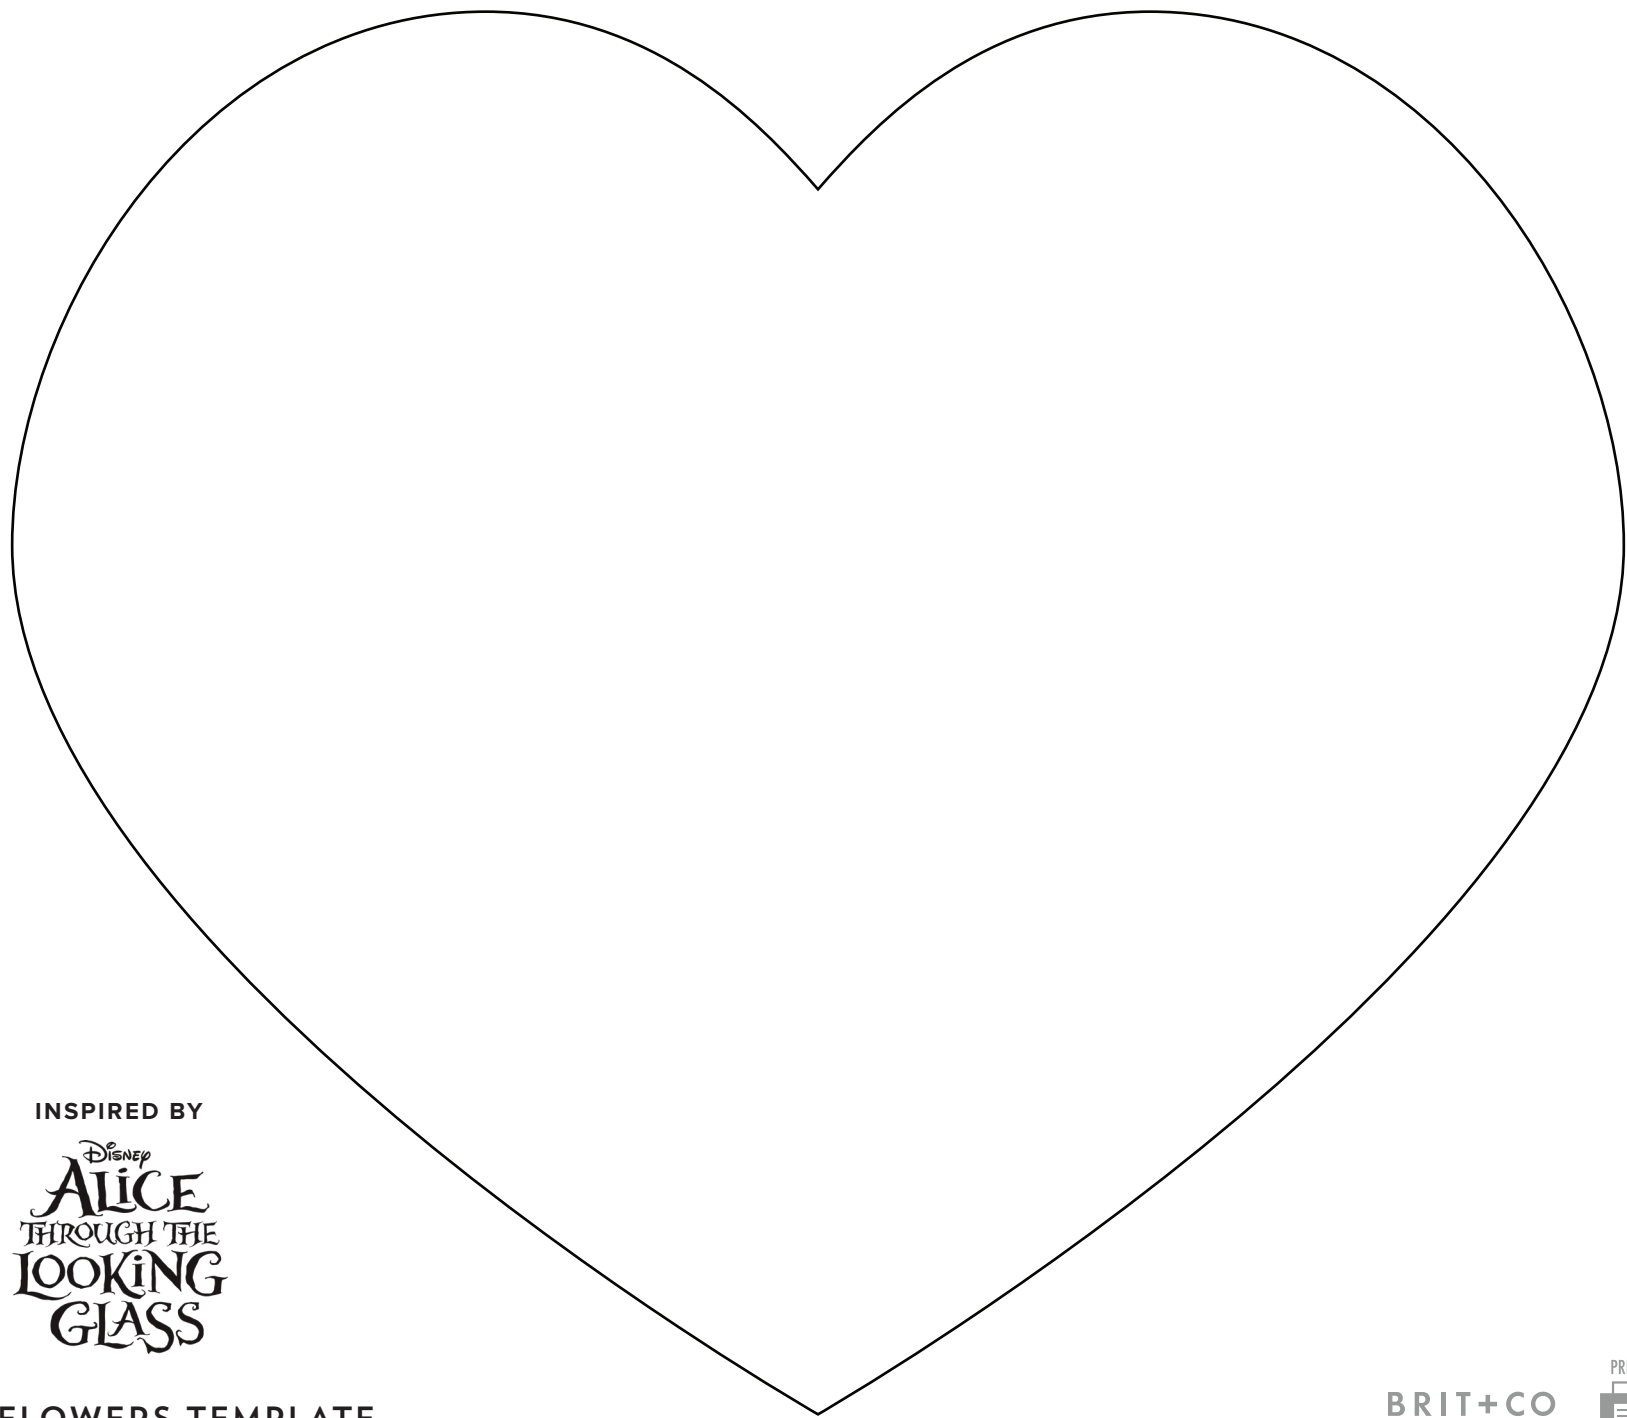

6
Don't forget to make the Red Queen happy and paint your rose red. Using your paintbrush, carefully watercolor the petals red.
