

Découpage

Add some attitude

Instructions

Découpage is the art of decorating an object with cut out pictures. Use these to give a notebook or trinket box a Fairies makeover with attitude!

Simply cut out the pictures, arrange them however you like on your chosen object and glue into place. Why not show off your creativity with découpage gifts for friends and family?

You will need:

glue, scissors, an old paintbrush, and an object to decorate.
