

PEYTON

(MORNING, getting ready for school)

It's like the adults had a meeting and said: "You know how teenagers have a biological need to sleep late? Let's make them go to school super-crazy early!"

Luckily I've got sports to keep me going. My family moves a lot for my dad's job. Not great for making friends. But sports? They're always there for me.

I've got a jersey for every mood. Am I feeling Basketball "FUN," Football "TOUGH" or Soccer "FOCUSED?"

Which one says, "Today's the Start of Something New...YET AGAIN"....??

(Pretends to hold up Soccer jersey)

So "Soccer," you gonna help me "Get My Head in the Game?!"
