

MOTHER'S DAY PICTURE FRAME

Reminder

Only a grown-up should use the scissors and cutting knife.

What You'll Need

- 8 1/2" x 11" cardstock (we recommend 110-pound paper for best results)
- Scissors
- Tape
- Cutting knife
- Colored marker, pencil, or crayon

How To Make It

1. Print out the following page and have a grown-up cut out the picture frame and frame stands.
2. Have a grown-up use a cutting knife to cut out the gray area in the middle of the frame.
3. Tape a 4"x6" photo into the opening (preferably a photo of you and your mom).
4. Assemble the frame stands and affix to the back of the picture frame.
5. To make the Frame Stands, glue the A tabs together. Glue Tab B to the backside of the picture frame close to the bottom edge so that the stands hold up the picture frame.
6. Sign the card and give it to Mom for Mother's Day.
