DIY TIARA

Disney FROZEN DIY TIARA

Things you need.

- Felt sheets to fit A4 (3 shades of blue is ideal)
- Child sized headband
- Scissors
- Pen
- Double-sided tape or tacky glue
- Gems

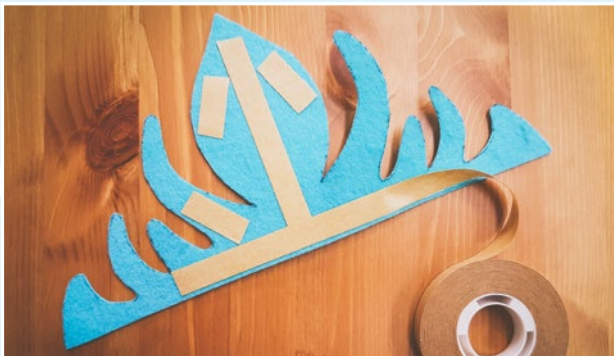

Step 1.

Download and print your free template and cut out shapes - tiara base, tiara and centre ornament.

Step 2.

Trace your templates onto the felt and cut out. Use a different colour blue for each shape. Make sure this side faces the back of your tiara.

Step 3.

Using double-sided tape or tacky glue, stick the tiara onto the tiara base, aligning to the bottom. Then stick the centre ornament onto the tiara in the middle. See your tiara taking shape!

Step 4.

Embellish your tiara! Using double-sided tape, tacky glue or glue dots, stick your gems onto your tiara. Use any type of gem you think looks beautiful - try different shapes, colours and placements.

Step 5.

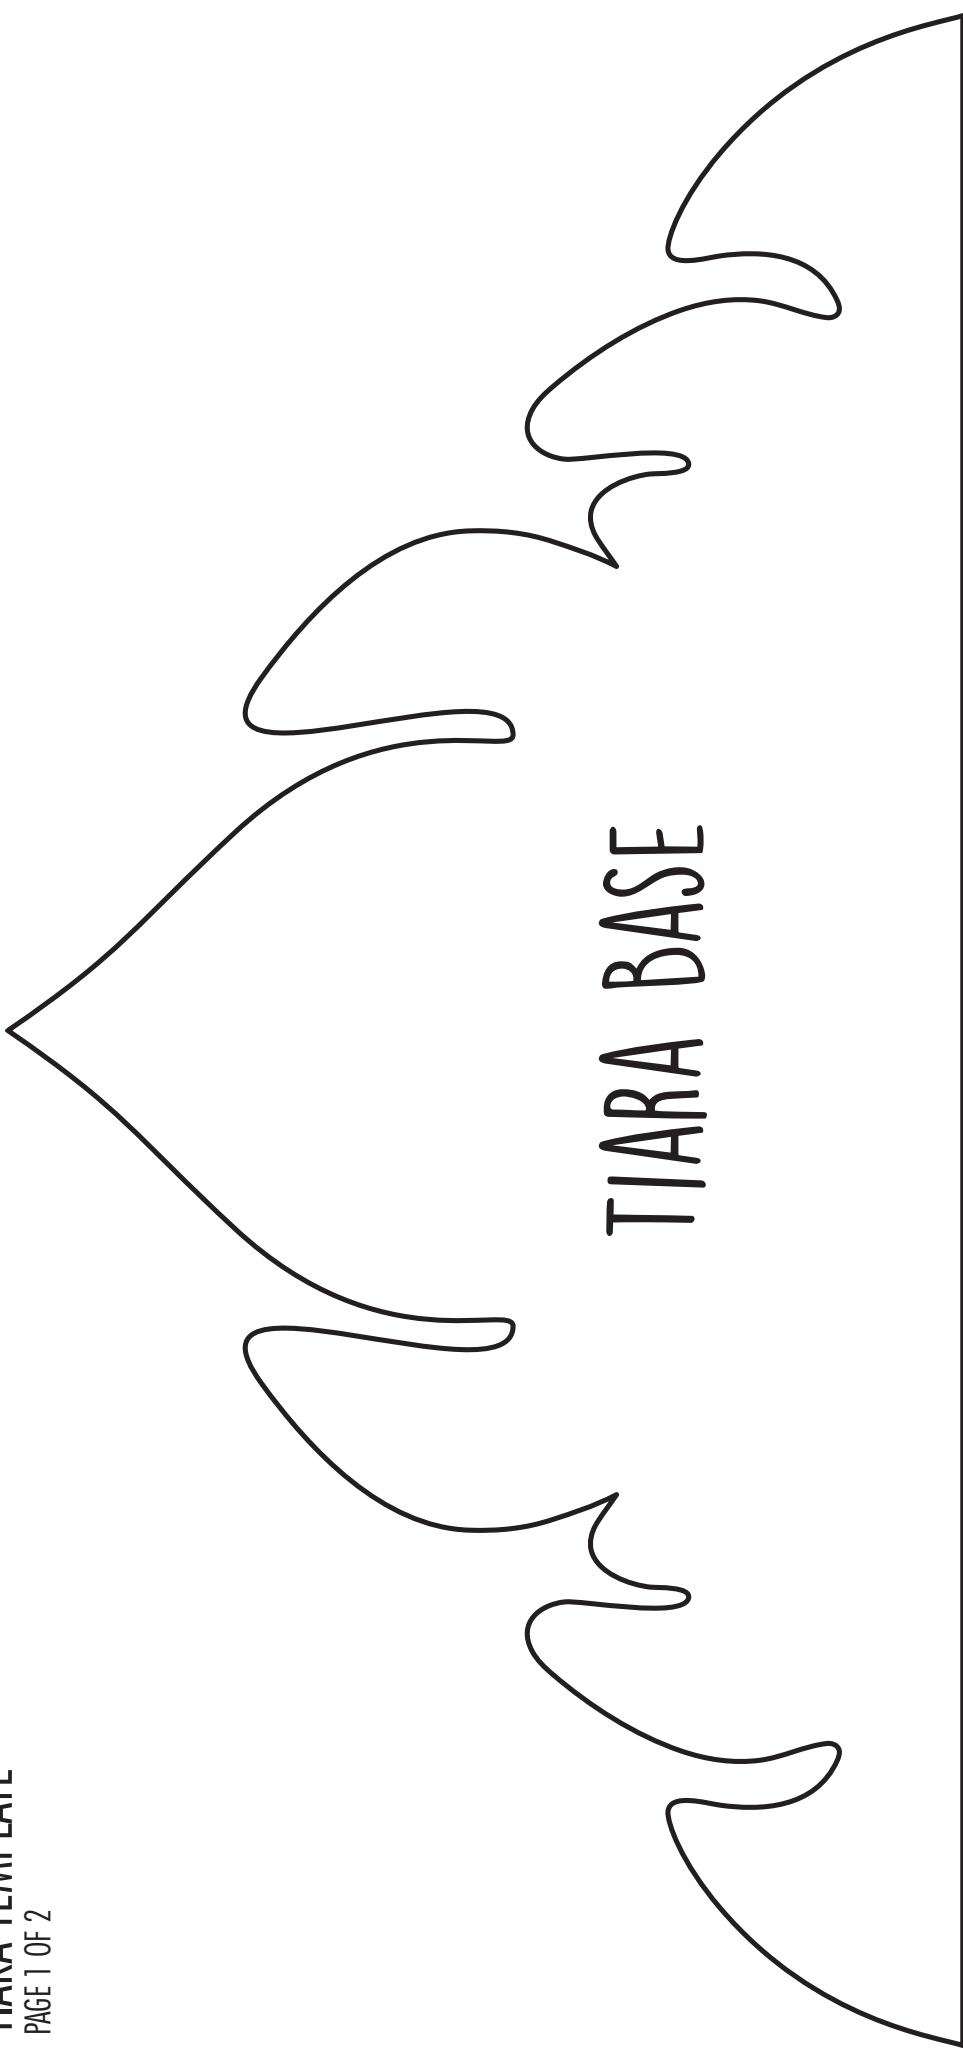

Place a strip of double-sided tape along the bottom of the back side of the tiara. Stick onto headband making sure it is centred.

Tada! Tiara complete. Now wear it towards the front of the head and give a royal wave.
