

**Miles zooms through space on vehicles like the Stellosphere and the StarJetter! What would your family blast off in?**

**1** Kids, choose and complete an activity below

**2** Parents, take a photo and upload at [DisneyJunior.com/SpaceMissions](http://DisneyJunior.com/SpaceMissions)

## DRAW A Space Vehicle

**Materials:** Paper, Markers or Crayons

- Miles uses different vehicles to travel in space, like his BlastBoard and Photon Flyer.
- Draw a space vehicle that you would use to rocket through space.

## CREATE A Space Ship

**Materials:** Tape or Glue, Recycled Materials – Examples: Milk Carton, Cereal Box, Plastic Bottle, Paper Towel Roll, Buttons, Aluminum Foil

- Miles and his family fly in the StarJetter on their missions. Imagine your own space ship. How fast does it go? How high does it fly?
- Create your own space ship using recycled materials from home.
- Use a carton, box or bottle for the base of your space ship.
- Decorate the outside of your space ship by gluing or taping on materials like aluminum foil and buttons.

For quick and easy fun, use the Paper Space Ship printable in this packet.

## BLAST OFF

**Materials:** Paper, Scissors, String, Tape, Balloon

- See how a rocket would blast off into space with this balloon blast off activity.
- Cut\* a piece of string a few yards long.
- Attach one end of the string to a high point – Example: Tape one end of the string to the top of a wall.
- Cut\* a straw four to five inches long.
- Thread the unattached end of the string through the straw.
- Tape the balloon to the straw with the balloon opening pointed towards the ground.
- Inflate\* the balloon and let go.

\*Cutting and inflating is intended for grown-ups only

For quick and easy fun, use the Blast Off Space Ship printable in this packet.

# PAPER SPACESHIP

## Instructions:

1. Print on regular copy paper.
2. Cut\* out the spaceship.
3. Follow the folding instructions below.
4. Then get ready to blast off!

\*Note: Cutting is intended for grown-ups only.

**1** After cutting\* lay flat.

**2** Fold in half along the line B.

**3** Unfold and fold the top corners along line A.

**4** Fold the entire triangle down.

**5** Fold the top left corner down to line A and the right to line C.

**6** Fold the top down by one inch.

**7** Fold in half along the center line B.

**8** After cutting\* lay flat.

**9** Your paper TTA Spaceship is ready to blast off!

\*Note: Cutting is intended  
for grown-ups only.

# BLAST OFF SPACESHIP

## Instructions:

You will need crayons, scissors, a straw and clear tape.

1. Color the spaceship.
2. Color the pocket, draw your picture in the window and write your name.
3. Cut out the spaceship and pocket.\*
4. Tape the pocket to the back of the spaceship, leaving an opening at the bottom. Make sure all edges of the pocket are sealed except for the opening.
5. Insert the straw, blow and watch your spaceship blast off!

\*Note: Cutting is intended for grown-ups only.

Draw your picture inside the spaceship window on the pocket.
