Join in the safari sounds of the Pridelands with

RAFIKI'S RHYTHM RAMBLE

Create your own musical instruments from items found on your next backyard safari!

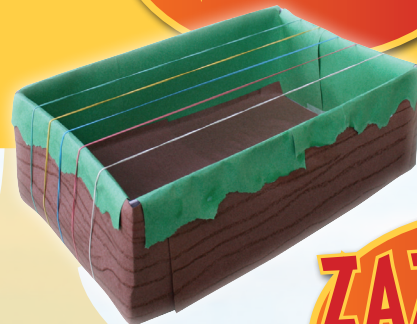

SIMBA'S SAFARI SHAKERS

NALA'S LOG DRUM

HAKUNA MATATA HARP

ZAZU'S KAZOOS

+ RAFIKI'S WATER XYLOPHONE!

AVAILABLE ON DIGITAL HD AUGUST 15
AND ON BLU-RAY™ AUGUST 29

Disney THE LION KING

NALA'S LOG DRUM

YOU WILL NEED:

3 empty cans
A can opener

Strong tape
Clear tape

A large sheet of
paper

INSTRUCTIONS:

ADULT SUPERVISION REQUIRED

1. Remove the lids on both ends of the empty cans.
2. Tape the cans together to form a long log shape.
3. Have an adult help you to cut open the large paper bag into a flat sheet.
4. Measure the width of your can log and cut the paper into the same width, making sure that it's large enough to cover the circumference of your log drum.
5. Draw and color the paper using crayons and markers. Create whatever patterns and designs you would like – maybe draw a wood grain design onto the brown paper to make it look like a real log.
6. Roll your paper design around the can log and use clear tape to secure it in place.
7. Use two pencils, sticks or spoons to strike the log drum to create your own jungle rhythms! Set your log drum on the floor or various surfaces to experiment with the different sound qualities you can produce with your drum!

AVAILABLE ON DIGITAL HD AUGUST 15
AND ON BLU-RAY™ AUGUST 29

Disney THE LION KING

SIMBA'S SAFARI SHAKERS

YOU WILL NEED:

CONTAINERS:
spice jars, plastic
eggs, baby food
jars...

FILLERS:
rice, dried beans,
dried corn
kernels, sand...

DECORATION:
construction
paper, markers,
pens, crayons...
scissors and glue
(or tape)

INSTRUCTIONS:

ADULT SUPERVISION REQUIRED

1. Fill each container with some of your filler item.
2. Replace the lid, hold the top closed and shake.
3. Note the different sound qualities that each filler item creates when shaken.
4. Adjust the amount and type of filler until you are satisfied with the sound.
5. Seal your container with glue (or tape).
6. Decorate your shakers and shake-shake-shake.

AVAILABLE ON DIGITAL HD AUGUST 15
AND ON BLU-RAY™ AUGUST 29

Disney THE LION KING

HAKUNA MATATA HARP

YOU WILL NEED:

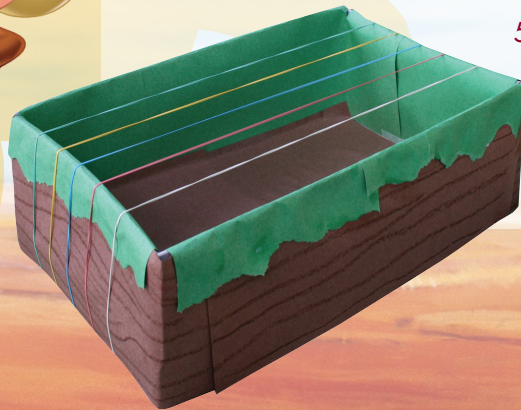

Shoobox
Rubber bands
Scissors
Glue

Decorating tools:
*crayons, markers,
paint, paper, glitter,
etc.*

INSTRUCTIONS: **ADULT SUPERVISION REQUIRED**

1. Remove the lid from your shoebox.
3. Decorate your construction paper with whatever patterns and designs you want using your decoration tools.
4. Glue (or tape) your decorated papers to the inside and outside of your box.
4. Extend the various widths of rubber bands around the outside of the box and arrange them next to each other from thickest to thinnest.
5. Pluck individual strings or strum them altogether and you now have your very own shoebox harp!

AVAILABLE ON DIGITAL HD AUGUST 15
AND ON BLU-RAY™ AUGUST 29

Disney THE LION KING

ZAZU'S KAZOOS

YOU WILL NEED:

A toilet tissue or
paper towel tube

Wax paper
Rubber band

Scissors
Pencil or pen

INSTRUCTIONS:

ADULT SUPERVISION REQUIRED

1. Have an adult help you to cut the wax paper into a circle that is larger than the end of your cardboard tube.
2. Put the cut circle over the end of the tube and smooth it out. Hold it in place with the rubber band. Be sure to keep it smooth and tight around the outer edge of your tube.
3. With the pencil or pen, twist a hole into the tub just below the rubber band.
4. To play your kazoo, hold the open end of the tube to your mouth and hum or sing into it. You just might have to pucker your lips a bit.

BZZZZ!

AVAILABLE ON DIGITAL HD AUGUST 15
AND ON BLU-RAY™ AUGUST 29

RAFIKI'S
WATER
XYLOPHONE

YOU WILL NEED:

- | | |
|---|---|
| Drinking Glasses,
Bottles and/or
Jars | Water
Two Pencils,
Spoons or Sticks |
|---|---|

INSTRUCTIONS:

ADULT SUPERVISION REQUIRED

1. Fill the glass containers with various levels of water.
2. Experiment by gently tapping the side of the container with your mallets.
3. Notice the differences in the sounds – some are higher, some are lower – the more water you have the lower the pitch. With less water, the pitch is higher.

TRY THIS »

Arrange them in order from lowest to highest and adjust your water levels to create a musical scale.
