

The Love We Share

Sing Along

(Ariel Singing)

When life led me
From sea to shore
The human world felt strange
The way they talked
The way they walked
Was such a drastic change

But though our worlds
Live differently
There's one thing that we share
We both adore
Our family so
With love beyond compare

Whether you live on land or sea
We're all devoted to our family
Alone you cannot win
You need a helping fin
The love we share
Can set us free

Joining together is the key
For if your two worlds work in harmony
You could end your troubles
If only they would see
The love you share
Can set you free

(Ariel Singing Continued)

Out there is a mermaid
Who wants to save her sister
Show her that you feel the same
And you may just enlist her

(Sofia & Ariel Singing)

Joining together is the key
We have to learn to work in harmony

(Ariel Singing)

You could end your troubles

(Sofia Singing)

If only she could see

(Ariel Singing)

No matter where

(Sofia Singing)

In sea or air

(Sofia & Ariel Singing)

The love we share
Will set them free
