

CREATE YOUR OWN PLANET

Use the circle to show how your planet will look from outer-space, to passing travellers from other worlds and far away galaxies!

Use the large area below to show how your planet will look on the surface. Who or what lives on your planet? Is it a forest, desert or maybe a water planet? Or are there huge cities with wonderful machines?

Use your imagination – it can be anything you want it to be!

YOUR PLANET'S NAME:

WE WOULD LOVE TO SEE YOUR PLANET! SHARE WITH US ON:  @medicinema.org  @medicinema_charity  @medicinema #MOMENTSTHATMATTER
